Richland, WA 99352

Dear Mr. Beus:

I received an offer of employment to work with you as my mentor and with the staff of PNNL. I accept your offer of employment, and I heavily value the significance of this job opportunity. I appreciate your decision in selecting me for this job.

I am available for employment during the summer months if you would like me to start work before school starts in August, I would happily comply.

Thank you so much for this opening that you have given me. I am excited and looking forward to working with you as well as the Data Integration Group.

Sincerely,
